

MARIA KOVADI on [JEWELSTREET.COM](http://www.jewelstreet.com)

We are pleased to announce that Maria Kovadi Fine Jewellery has opened a boutique on [JewelStreet.com](http://www.jewelstreet.com)!

JewelStreet is the No. 1 designer jewellery website in the UK, bringing together over 200 handpicked online jewellery designers and brands from around the world.

This unique retail environment is a perfect fit for Maria Kovadi Fine Jewellery, as it provides a rare combination of online retail with the opportunity of keeping the exclusivity aspect, as a lot of our jewellery is made-to-order. It is very important for Maria Kovadi to continue to give our clients the opportunity to shop the brand's latest collections at a time and place convenient for them, yet to still be able to create personalised and unique jewellery, special to each customer. Jewel Street's concierge service provides a more tailored approach, giving each customer the opportunity to customise or personalise any item or to create a bespoke piece, which will be designed and created especially for them.

We are very pleased to be offering the same service online as we would off-line, maintaining the brand's emphasis on exclusivity and preserving its DNA.
