YOU V DIAMONDS COLLECTION

The original, limited edition collection comprises 11 designs and features a variety of sizes in charms and pendants, to suit the individual taste of every client. All pieces are made in 18kt gold, pavé set with diamonds of 2 to 10.5 total carat weight, depending on the size and design.

Thoughtful and inspirational design instilled in each creation showcases the designer's passion for fine jewellery as an art form. Each piece tells a story, beautifully conveying the emotion and the poetry of the designer's vision.

The magic of the collection shines in every piece, which transforms under ultraviolet light to unravel the captivating world of YouVdiamonds. Some diamonds hide an incredible inner light, which can only be seen in special surroundings. Conveying the design inspiration, which relates to the importance of self-belief and self-growth, each creation reveals that we all have wings that could take us to any heights, any horizons, if only we believe. Impossible to guess at first glance, the magic inside the jewel will remain your treasure until you are ready to share it.

'YOU V DIMAMONDS' FOR MOTHER AND CHILD

As every mother knows, an instant connection, which occurs at birth, is an incredibly powerful feeling. Maria Kovadi Fine Jewellery proposes to enshrine this connection for life, keeping special memories and a special place for them in the heart.

YouVdiamonds jewellery creations made especially for babies and children go hand in hand with the pieces for mothers. The maternal bond is translated in the creations and continues the idea of carrying our children in our hearts.

Upon request, YouVdiamonds pieces for adults may be produced in smaller sizes to suit babies and children. Mother and baby collection is currently being developed, focusing on children's jewellery.
